

3. Typical Application

- Industry control
- Access control
- Building automation system
- Remote control
- Network control system

4. Dimension&PINS

5. Technical Parameter

Frequency	13.56Mhz
Baudrate	9600 ~ 115200 bit/s
Interface	TCP/IP
Protocol	ISO/IEC 14443A/B, ISO/IEC 15693
Power	POE, DC 5V external power supply
Current	<100 mA
Reading range	50 ~100mm (depends on installing position and antenna)
Working temperature	-20°C ~ +70°C
Storage temperature	-20°C ~ +80°C
Indication	Internal LED & Buzzer
Dimension	77mmX45mmX14mm
